

Women and Gestalt Gathering September 17–21, 2025

Bethel Resort & Suites, Bethel, Maine: A stunning, welcoming venue nestled in the mountains of Maine—perfect for replenishing, reflecting, and rebalancing.

In a time of uncertainty, our desire to gather is stronger than ever. We seek to honor our culture as women and the restorative nature of the feminine by cultivating partnership with self, one another, the Earth, and the reciprocity of all things. With a collaborative spirit, we bring our Gestalt approach to the emergent process of co-creating our time together - exploring our experience of being

in a circle of women, deepening our connections, our courage, and our grit.

The Gathering reflects and honors the rhythms of the sacred landscape around us in Maine, and calls upon women to open more

deeply to the sacred landscape and rhythms within.

We welcome all those who identify as women and are interested in stepping into global sisterhood. We invite you to join us.
